

ERRATA

MATHEMATICS FOR AUSTRALIA 4

First edition - 2016 initial print

The following erratum was made on 29/Nov/2017

page 183 **CHAPTER 14 WATCH LISTEN LEARN** shopping mall on map should be 3 cm long :

The scale of this map is $1 \text{ cm} = 100 \text{ m}$.

See how we have used the scale to calculate these distances.

$1 \text{ cm} = 100 \text{ metres}$

- a** Mall Terrace is 4 cm long. The real length of Mall Terrace is 400 metres.
- b** Park Drive is 7 cm long. The real length of Park Drive is 700 metres.
- c** The shopping mall is 3 cm long on the map. If you walked through the shopping mall, you would walk 300 metres.
- d** On the map, Mary is 5 cm from the car park. So, Mary is about 500 metres from the car park.

The following erratum was made on 16/Feb/2016

page 6 **ONLINE FEATURES** should read:

COMPATIBILITY

For iPads, tablets, and other mobile devices, the interactive features may not work. However, the electronic version of the textbook and additional **pages** can be viewed online using any of these devices.
